

FIG. 1

FIG. 2

A schematic diagram of a circular device, possibly a lens or a sensor array. The device is represented by a large circle. Inside the circle, there are three main components labeled with reference numerals: 301, 302, and 303. Component 301 consists of two vertical rectangular bars positioned side-by-side. Component 302 consists of two horizontal rectangular bars positioned one above the other. Component 303 is a horizontal line segment located at the bottom of the circle. Arrows point from the labels 301, 302, and 303 to their respective components.

A simple compass rose diagram consisting of a vertical line with an arrow pointing up labeled 'North' and an arrow pointing down labeled 'South'. A horizontal line intersects the vertical line, with an arrow pointing left labeled 'East' and an arrow pointing right labeled 'West'.
